Re: Lease LC 060325
Well #7, Sec. 4-178-30E
Square Lake Pool

Gentlemen:

Reference is made to your "Lessee's Monthly Report of Operations", on the subject lease and to wells No. 5 and No. 7 in particular.

Well No. 7 Leonard "E" located in the SW $\frac{1}{4}$ NW $\frac{1}{4}$, section 4, T. 17 S., R. 30 E., Square Lake Field, Eddy County, New Mexico, was plugged and abandoned and the work approved by office letter of January 14, 1953. However, you have been reporting production from said well subsequent to that date.

Well No. 5 located in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, is being reported temporarily abandoned, however, a field inspection shows the well to be connected to the separator. Well No. 8 is also connected to the same separator.

You are requested to submit a corrected and consolidated report showing what oil should be credited to well No. 8, and what, if any, should be credited to well No. 5, since well No. 7 could not have produced any oil subsequent to January 1953.

Very truly yours,

(Orig. Sgd.) JOHN A. FROST

1. *Pharmaceuticals*—The pharmaceutical industry is the largest and most profitable of the major industries in the United States. It is a highly competitive industry with a high degree of technological sophistication. The industry is characterized by a high degree of concentration, with a few large firms dominating the market. The industry is also characterized by a high degree of innovation, with new drugs being developed at a rapid pace.
