17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

This well has been cleaned out to bottom and has been logged with gamma ray and sonic. On August 4, 1967, water injection was started into open hole. As soon as pressure resistance has developed, a profile survey will be run; and a 4 1/2" liner will be cemented thru open hole.

This well was previously Stevens "A" # 3.
