Re: Etz A State #2
Ut.L 16-17-30

Gentlemen:

On June 6, 1985 a letter was sent informing you the subject well was found to be in need of repair, as a result of a recently conducted mechanical integrity test.

The letter stated that repair work should begin with thirty days. Also that this office should be notified prior to commencing the work.

The subject well must be repaired before approval can be given for temporary abandonment. Unless appropriate forms are submitted and repair work commenced and diligently pursued within the next thirty (30) days the lease allowable will be canceled.

If you have any questions concerning this matter please feel free to contact me at this office.

Sincerely,

A handwritten signature in cursive script that reads "Mike Williams".

Mike Williams
Oil & Gas Inspector
