(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

This Unit well has developed a hole in the production casing. We now propose to repair the hole in the 7" production casing. We then propose to plug back the open hole from 3405' to 3270' with cement & run 455' of 4 1/2" liner & set @ 3250', perforate and stimulate the Lovington and Vacuum interval in the San Andres Formation.

14. I hereby certify that the foregoing is true and correct
