(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

17. (NOTE: This section is to be completed only if the well is shut-in. It should state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

We request this well be held for recompletion in Queen or Seven Rivers.

Well was shut in February, 1961 for economical or mechanical reasons.

After feasibility studies are completed work should be commenced within the next two years.
