Re: McIntyre, Well #2 A,
Section 20-17-30.

Dear Mr. Stephens:

We have received certain correspondence from our Santa Fe office requesting that we put the subject gas well in the proration schedule. However, at this time we only have a copy of USGS Form 9-330 in our files and need Commission Forms C-104 and C-110 before we may put this well in the schedule. Please file Commission Form C-104 and C-110 for this well showing all information currently available and, if possible, please file copies of any USGS forms which you have concerning this well.

If you have any questions about this matter do not hesitate to call upon me.

Very truly yours,

R. L. Stamets
