C Attention: Mr. Tom P. Stephens

Gentlemen:

O Reference is made to your letter dated April 3, 1970, wherein you request authority to commingle the gas production from your McIntyre A Well No. 5 which was recently completed in the San Andres formation and your McIntyre A Well No. 4 which is producing from the Abo formation in Section 20, Township 17 South, Range 30 East, Loco Hills Field, Eddy County, New Mexico.

P Inasmuch as the amounts of gas produced from each of the two zones is insufficient to justify the installation of separate metering facilities for this produced gas, and no waste or violation of correlative rights will occur as the result of the commingling, you are hereby authorized to commingle the gas production from the aforesaid two wells.

Y Very truly yours,

A. L. PORTER, Jr.
