

General: This form is designed for submitting a complete and correct web completion report and log on all types of mining and leases to either a Federal agency or a State agency, or both, pursuant to applicable Federal and/or State laws and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted, particularly with regard to local areas or regional procedures and practices, should be shown below or will be signed by, or may be obtained from, the local Federal and/or State office. See instructions of items 22 and 23, label 83, below regarding the use of this report for separate completed forms. Item 22 and Item 23 are to be used for each type of mining and/or State office. See instructions of items 22 and 23, label 83, below regarding the use of this report for separate completed forms. Item 22 and Item 23 are to be used for each type of mining and/or State office. See instructions of items 22 and 23, label 83, below regarding the use of this report for separate completed forms. If not filed prior to the time this summary record is submitted, check all current, reliable logs (drillstem, geologist, sample and core analysis, all types electric, etc.), forms, and pressure-tests, and direct-combustion, should be attached hereto, to the extent required by applicable Federal and/or State laws and regulations. All attachments should be listed off this form, see item 85.

Item 4: If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements. Consult local State or Federal office for specific instructions.

Item 18: Indicate which elevation is used as reference (where not otherwise shown) for depth measurements given in other spaces on this form and in any attachments.

Items 22 and 24: If this well is completed for separate production from more than one interval zone (multiple completion) as shown in item 22, and in item 24 show the preceding interval, or intervals, top(s), bottom(s) and name(s) (if any) for only the interval reported in item 22. Submit a separate report (page) on this form, adequately identified, for each additional interval to be separately produced, showing the additional data pertinent to such interval.

Item 29: "Secks, Gemts": Attached supplemental records for this well should show the details of any multiple stage cementing and the location of the cementing tool.

Item 33: Submit a separate completion report on this form for each interval to be separately produced. (See instruction for items 22 and 24 above.)
