13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleation in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

The Above wells on this Lease Have Been Producing Since 1944. The wells Produce in such small volumes (less than 15 Bbls oil per month and less than 8 Bbls water per month) All Production Goes into a single 210 Bbl. stock tank. When the volume is enough for an oil sale. CAMERON CONTRACTS with a water hauling co. to drain the produced water from the stock tank and disposes of this water at Loco Hills water disposal Located less than 1 mile north of Loco Hills on county Road 217 in the SW 1/4 of Sec 16, T.17S R.30E permit # R6811B. Due to limited economics CAMERON is requesting APPROVAL for this method of water disposal.

14. I hereby certify that the foregoing is true and correct
