If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Premier Oil & Gas, Inc., has been involved in an estate settlement. We are just now proceeding with geological opinions and mapping prior to testing the shallow zones in this well. It will prevent a duplication of expense if you will allow an extension of compliance date. We respectfully request this in order to ~~not~~ completely evaluate and proceed with our workovers.
