Mr. James A. Knauf, District Engineer
U. S. Geological Survey
P. O. Drawer U
Artesia, New Mexico

Dear Mr. Knauf:

We are enclosing the following data in connection with the completion of our Jackson 23-B well, as an Abo producer, located in the NW/4 of the SE/4 of Section 24-17-30, Eddy County, New Mexico:

- 4 Copies Form 9-330 Log of Well
- 2 Lane Wells Gamma Ray/Neutron Log

It is our understanding that two copies of Form 9-330 when approved and one copy of the Lane Wells log will be furnished to the District Office of the New Mexico Oil Conservation Commission at Artesia, thus satisfying their requirements. If this is not correct, won't you please advise.

Yours truly,

NASH, WINDFOHR & BROWN
