O. C. C.
ARTESIA, OFFICE

Mr. James A. Knauf, District Engineer
U. S. Geological Survey
P. O. Drawer U
Artesia, New Mexico

Dear Mr. Knauf:

We are enclosing the following data in connection with the completion of our Jackson 23-B well as an Abo producer, located in the NW/4 of the SE/4 of Section 24-17-30, Eddy County:

- 4 Copies Form 9-330 Log of Oil Well
- 2 Lane Wells Gamma Ray/Neutron Log
- 2 Eastman Well Survey

It is our understanding that two copies of Form 9-330 when approved and one copy of the Lane Wells log and one copy of the Eastman Well Survey will be furnished to the District Office of the Oil Conservation Commission at Artesia, thus satisfying their requirements. If this is not correct, won't you please advise.

Yours truly,

NASH, WINDFOHR AND BROWN

Mr. James A. Knapp, District Engineer
U. S. Geological Survey
P. O. Drawer U
Artesia, New Mexico

Dear Mr. Knapp:

We are enclosing the following data in connection with the completion of our Jackson 23-B well as an addendum to the data of Section 24-17-30, located in the NW 1/4 of the SW 1/4 of Section 24-17-30, T. 17 N., R. 30 E., S. 30.

- 1. Copies Form 9-330 Log of Oil Well
- 2. Lane Wells Gamma Ray/Neutron Log
- 3. Eastman Well Survey

It is our understanding that two copies of Form 9-330 were approved and one copy of the Lane Wells log and one copy of the Eastman Well Survey will be furnished to the District Office of the Oil Conservation Commission at Artesia, thus satisfying their requirements. If this is not correct, would you please advise.

Yours truly,

NASH, WINDTOMER & BROWN
