Oil Conservation Commission
Carper Building
Artesia, New Mexico

Gentlemen:

We completed our Jackson 23-B Abo well in Section 24, 17 South, 30 East, on May 27 and accordingly are due to file a gas/oil ratio report within sixty days or by July 27.

The purpose of this letter is to advise that our failure to file this report has been due to the fact that this well has been shut in since July 15 for lack of a pipe line outlet occasioned by strikes at the Sinclair Refineries.

At such time as the well is back on production, we will file the necessary gas/oil ratio report.

Yours truly,

NASH, WINDFOHR AND BROWN

R. F. Windfohr
