Re: Final Notice
Plug & Abandonment GBJU Tract 13 Well No. 8
GBJU, Eddy County, New Mexico

Dear Sir;

Please find enclosed a copy of the 3160-5 submitted to the Carlsbad office of the Bureau of Land Management.

The authorization to plug, as well as the actual work, was performed in 1982 by General Operating Company. A copy of the approved plugging procedure as well as all other pertinent paper work has also been attached.

LBO Energy, Inc. is seeking State approval to convert the GBJU Tract 14 Well No. 1 into a disposal/injection well. This apparently cannot be approved until the plugging of the 13-8 has been approved.

Any help you might provide in expediting this matter would be greatly appreciated.

Sincerely,

Mark D. Clarke
