LOG OF OIL OR GAS WELL

LOCATE WELL CORRECTLY

Company Name
Location
Field No.
State
County
Township
Range
Section
The information given here is a complete and correct record of the well and all work done thereon
Signed _____

It is of the greatest importance to have a complete history of the well. Please state in detail the dates of redrilling, together with the reasons for the work and its results. If there were any changes made in the casing, state fully, and if any casing was "detached" or left in the well, give its size and location. If the well has been dynamited, give date, position, and number of shots. If plugs or bridges were put in to test for water, state kind of material used, position, and results of pumping or bailing.
