Gentlemen

It has come to our attention that you plan to re-enter
an Amoco Production Co. farm out lease, the El Paso St.
#1 located in 36-17S-30E.

According to well records this well was improperly plugged
and abandoned in 1965, with no plugs from 1900' to 7500'.

In order to re-enter this well the following plugs will
have to be set: 25 Sx cement at 6669'
25 Sx cement at 5059'
25 Sx cement at 3600'

If you have any questions concerning this matter please feel
free to call me.

Sincerely

Mike Williams
Acting Supervisor, Dist II

cc: Amoco Production Co.
