Re: Well Location & Dedicated Acre-
age, Fren Oil Co., Max Friess
15-A, Sec. 1-17-31, Wildcat.

Gentlemen:

The Commission Rules & Regulations pertaining to well location and dedicated acreage requirements provide that a gas well should be located on a 160-acre tract comprising one full governmental quarter section.

It has now been brought to our attention that the original form C-128 for the subject well indicates that there are only 40 acres dedicated to the well. Therefore, it will be necessary for you to file a new "Well Location and Acreage Dedication Plat", Form C-128, in triplicate, showing 160 acres dedicated to the well.

For more complete information regarding well spacing and acreage dedication, please refer to Rule 104, Commission Rules and Regulations, a copy of which is enclosed.

Very truly yours,

OIL CONSERVATION COMMISSION

Re: Well Location - Dedicated Acre-
age, Fren Oil Co., El Paso
15-A, Sec. 1-17-31, Wilcox.

Gentlemen:

The Commission rules & regulations pertaining to well location and
dedicated acreage requirements provide that a gas well should be
located on a 160-acre tract comprising one full governmental quarter
section.

It has now been brought to our attention that the original form G-126
for the subject well indicates that there are only 40 acres dedicated
to the well. Therefore, it will be necessary for you to file a new
"Well Location and Acreage Dedication Plat", Form G-126, in triplicate,
showing 160 acres dedicated to the well.

For more complete information regarding well spacing and acreage
dedication, please refer to Rule 104, Commission Rules and Regulations,
a copy of which is enclosed.

Very truly yours,

OIL CONSERVATION COMMISSION
