17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Briefly state all pertinent details and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

PROPOSED WORK: We propose to plug and abandon this well by setting a 5-1/2" bridge plug at 2800'. A 75' cement plug will be spotted on top of bridge plug. We will spot a 100' cement plug at 1250' to 1150'. No surface water indicated. A 25' cement plug will be set at surface and regulation marker will be erected. No casing will be pulled from this well. Any pits will be filled and the location will be leveled and cleared of any junk.
