LOCATION OF WELL (If not in the same section as the land to be operated, give section, township, and range.)

DATE OF REPORT

NAME OF WELL

EXPLANATIONS (Show whether by RT, or NW, etc.)

Instructions

General: This form is designed for submitting proposals to perform certain well operations, and reports of such operations when completed, as indicated, on Federal and Indian lands pursuant to applicable Federal law and regulations, and, if approved or accepted by any State, pursuant to applicable State law and regulations. The necessary special instructions, concerning the use of this form and the number of copies to be submitted, particularly with regard to local area, or region, at procedure, and practices, either are shown below or will be issued by, or may be obtained from, the local Federal and/or State office.

Item 4: If the well is to be operated on Federal or Indian land, should be described in accordance with Federal requirements. Consult local State or Federal office for special instructions.

Item 17: Proposals to abandon a well and subsequent reports of abandonment should include special information as required by local Federal and/or State offices. In addition, such proposals and reports should include reasons for the abandonment; data on any former or present productive zones, or other zones with present significant fluid contents; not seen by, or not otherwise; depths (top and bottom) and method of placement of cement plugs; and of other material placed below, between and above plugs; amount, size, method of placing of any casing, liner or tubing pulled and the depth to top of any left in the hole; method of closing top of well; and date well shall be conditioned for final inspection, looking for approval of the abandonment.
