RESEARCH INTERESTS

My research interests are in the area of organic chemistry, particularly in the synthesis of complex organic molecules. I am currently working on the synthesis of a new class of organic compounds, which are of interest to the pharmaceutical industry. I am also interested in the development of new synthetic methods for the synthesis of complex organic molecules.

I have published several papers in the area of organic chemistry, and I am currently working on a book on the synthesis of complex organic molecules. I am also interested in the development of new synthetic methods for the synthesis of complex organic molecules.

EDUCATION

B.S. in Chemistry, University of Chicago, 1998
M.S. in Chemistry, University of Chicago, 2000
Ph.D. in Chemistry, University of Chicago, 2003

Postdoctoral Fellow, University of Chicago, 2003-2005
Assistant Professor, University of Chicago, 2005-present
