INTER-OFFICE CORRESPONDENCE / SUBJECT: Leasehold Production Authorization -
Loco Hills & Square Lake Booster Segment,
Lee Plant Gathering Systems -
Pipeline Proration

A. A. Hochstein
Phillips Petroleum Company
Hobbs Office

This is your authority to produce the below listed wells into the subject gathering system for one day only (with a production cap of 50 Mcf/Day) during each month for as long as gas well gas proration is in effect for that system. Gas well proration was implemented by our captioned letter of April 15, 1985. It is understood that the production authorized is for leasehold production. A mid-month production day is recommended.
