Dear Sir:

General American has recompleted its McIntyre "H" #1 well by plugging off the Grayburg and San Andres zones and opening the Seven Rivers zone. We, therefore request that this well be placed in the Fren Seven Rivers Pool.

The former Grayburg Jackson Pool production was commingled under order CTB-241, however the recompletion production in the Seven Rivers zone will not be commingled with the McIntyre "G" lease.

Yours truly,

General American Oil Company of Texas
