Instructions

General: This form is designed for submitting proposals to perform certain well operations, and reports of such operations when completed, as indicated, on Federal and Indian lands pursuant to applicable Federal law and regulations; and, if approved or accepted by any State, on all lands in such State, pursuant to applicable State law and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted, particularly with regard to local, area, or regional procedures and practices, either are shown below or will be issued by, or may be obtained from, the local Federal and/or State office.

Item 4: If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements. Consult local State or Federal office for specific instructions.

Item 17: Proposals to abandon a well and subsequent reports of abandonment should include such special information as is required by local Federal and/or State offices. In addition, such proposals and reports should include reasons for the abandonment; data on any former or present productive zones, or other zones with present significant fluid contents not sealed off by cement or otherwise; depths (top and bottom) and method of placement of cement plugs; mud or other material placed below, between and above plugs; amount, size, method of parting of any casing, liner or tubing pulled and the depth to top of any left in the hole; method of closing top of well; and date well site conditioned for final inspection looking to approval of the abandonment.

Re: Anadarko's Federal "R"
Waterflood Project

Gentlemen:

New Mexico Oil Conservation Commission Order No. R-4049 established an administrative procedure whereby the Secretary-Director may approve the institution of a waterflood project on Anadarko's R lease in Section 10, Township 17 South, Range 30 East, NTPM, upon completion of an injection well on said lease. Inasmuch as Anadarko Production Company has complied with the terms of Order R-4049 by the completion of Federal "R" Well No. 7, located 660 feet FNL and 1980 feet FEL of said Section 10 as a water injection well, I hereby grant approval of a waterflood project designated the Anadarko Square Lake R Waterflood Project. The subject waterflood project shall be governed by the provisions of Rules 701, 702, and 703 of the Commission Rules and Regulations.

Very truly yours,

A. L. PORTER, Jr.
Secretary-Director
