17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

On September 11, 1973, the Artesia office of the U.S. Geological Survey approved Armer Oil Company's application for Permit to Drill its Arco Federal Well #2 at the above location.

Due to lack of rig availability, Armer will not be able to commence drilling operations on this well until some time during January, 1974.

Armer requests that the approved Permit to Drill this well be extended from its expiration date of December 11, 1973 to January 31, 1974.

RECEIVED
