Re: Etz "C" State
#27-E-16-17-30
Eddy County, NM

Gentlemen:

We hereby acknowledge receipt of Forms C-101 and C-102, Application For Permit To Plug Back and re-complete the subject well in the Seven Rivers Formation and the Fren Seven Rivers Pool.

However, the vertical limits of the Grayburg Jackson Pool have been extended to include the Seven Rivers formation, excepting in that area where said pool is overlain by the Fren Seven Rivers Pool.

Therefore, Form C-103, showing the details of the proposed work is required instead of Form C-101. Please show how the Queen Zone will be abandoned.

If you have any questions concerning this matter, please feel free to contact me.

Sincerely,

W. A. Gressett
Supervisor, District II
