Dear Sirs:

This is to advise, as per your request, that economics on the Kincaid and Watson No. 7 Humble "8" lease located 330' N & W of 8-17-29, Eddy County, New Mexico, will not support a gas connection at this time.

In the future should you have other development in the area we would be happy to review the possibility of connecting this lease.

Thank you for your assistance in making it possible for us to test the lease.

Very truly yours,
