13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

The gas from this well is not being sold or used on the lease and is of so small amount that the Gas Co. does not want to bother with it.

The amount that is vented = 1.492 Cu Ft/day. The well is still a producing well, therefore, we are requesting a one year extension to vent gas from this well.
