Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

WE propose to change the casing program as follows: Drill 14 3/4" hole and run 10 3/4" 40.0# casing to 350' and use sufficient cement to circulate; Reduce hole to 9 1/2" and run 7" 20.0# casing to 4500' and cement with approximately 1500 sax (to base of salt).

Verbal approval to proceed with this change was given to Ron Head w/Marbob on 11/15/85, by Bob Pitschke.

18. I hereby certify that the foregoing is true and correct

SIGNED

Carlynn Purcell
