Re: Burch C Federal #46-I-30-17-30  
Tubing Requirements

Gentlemen:

Division Rule 107 (d) (3) requires that tubing be set not more than 250' above the top perforations. In the case of the above captioned well, it is 327', and a tubing exception is required as stipulated in Rule 107 (d) (4).

This exception must be granted prior to granting an allowable to this well.

If we can be of assistance please do not hesitate to call on us.

Very truly yours,

A handwritten signature in cursive script, reading "Les A. Clements", with a long horizontal line extending to the right.

Les A. Clements  
Supervisor District II
