13 Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work)*

Mack Energy Corporation has moved (Per Barry Hunt) the W D McIntyre E #9 from 330 FSL & 2310 FWL to 430 FSL & 2210 FWL. The well location was moved to prevent being built on too steep of a grade therefore having too much cut. Please see attached C-102.
