Gentlemen:

Under date of October 14, 1968, we filed "Notice of Intention to Convert to Water Injection", Atoka San Andres Unit Tract 17 Well No. 2, in the Atoka San Andres Field, Eddy County, New Mexico.

We now wish to delay conversion of this well to water injection for a short indefinite time.

Therefore we wish to have the allowable for this well reinstated as of November 1, 1968.

Yours very truly,

John R. Weisz
