Re: Everest Well No. 1
Unit I, 15-18-26

Dear Sir:

I am enclosing the original and three copies of C-104 requesting that the above well be reinstated on the Proration schedule. On December 26th, 1951, form C110 was filed with the Artesia Conservation Commission and was approved January 7th, 1952. This is an old well but we have just started selling to the New Mexico Asphalt and Refining Co. the first part of 1952. This is a small well and we are requesting an allowable of 5 barrels per day.

Trusting this is the information that is necessary in reinstating this well, I am,

Very truly yours,

MARTIN YATES, III,
