Re: Socony Mobil Oil Co.
Mildred Lee Allen
Sec. 21-168-26
Eddy County, New Mexico

Dear Sir:

This will acknowledge receipt of C-110 on August 27, 1962, however the C-110 was Charles C. Loveless as the company owner of this well. We have not received C-110 transferring this well to you. On October 26, 1960 we received C-103 on how the well was plugged signed by you as Ross Brunner Agent, but received no C-110 transferring well to Ross Brunner, this C-103 was not approved as the location was not cleaned and you have a 2" marker with no location on it.

You must file Form C-110 showing that ownership of the well has changed from Socony Mobil Oil Company to Ross Brunner, you have already filed form C-103 showing that the well has been plugged, but an inspection of the location shows that the instructions in my letter of July 3, 1962 have not been carried out. Until this is done the final plugging cannot be approved.

On the form C-110 which must be filed in regard to the change of ownership please show the date that the change occurred.

We are returning your Form C-110 which we received on August 27th, as far as we can ascertain this form serves no purpose.

Your truly,

OIL CONSERVATION COMMISSION

M. L. Armstrong
Supervisor, District #2
