DATE WORK PERFORMED _____ POOL _____

This is a Report of: (Check appropriate block) ☐ Results of Test of Casing Shut-off
☐ Beginning Drilling Operations ☐ Remedial Work
☐ Plugging ☒ Other _____

Detailed account of work done, nature and quantity of materials used and results obtained.

Temporarily abandoned, well is capped with bottom half of tubing head on casing. Each side of tubing head is bull plugged and a steel cap with gasket covers top of head. No production records available. This property was purchased from R.D. Collier.

Sometime in 1958 we intend to drill a test well in this area. We will core and test all producing zones. From these tests we will decide whether we will rework this well or plug same.
