Re: Hawkins Gas Com Well No. 2 C,  
27-18-26, Eddy County, New  
Mexico

Dear Mr. Ingram:

Enclosed please find 3 copies of the Form C-103 which you recently submitted covering the workover of the subject well. The report is being returned so that the dates, during which the workover was performed, may be shown.

Further, Rule 401, Commission Rules & Regulations, requires that a new multi-point test be filed on all gas wells within 60 days of the date of reconnection following a workover. Unless there are extenuating circumstances, this test will be required.

If there are any questions on this matter, please do not hesitate to call upon me.

Very truly yours,

OIL CONSERVATION COMMISSION

Mexico

Dear Mr. Rogers:

Enclosed please find 3 copies of the form C-101 which you  
recently submitted covering the workover of the subject well.  
The record is being retained as that the data, during which  
the workover was performed, may be shown.

Further, Rule 431, Commission Rules & Regulations, re-  
quires that a new well-point card be filed on all gas wells  
within 30 days of the date of recompletion following a work-  
over. Unless there are extenuating circumstances, this card  
will be required.

If there are any questions on this matter, please do not  
hesitate to call upon me.

Very truly yours,

THE COMMISSIONER
