Re: Mayer Holt #1
Sec. 28-18-26
Eddy County, New
Mexico

Gentlemen:

A reinspection was made 10/16/72, of the subject plugged and abandoned well. However, the inspection revealed the following items which have not been corrected.

1. Marker incorrect - wrong footage shown
2. All junk must be removed or buried
3. All deadmen must be cut and covered
4. The plugging pit and tank pad must be levelled

Your prompt attention to these problems will be appreciated.

Please notify this office when this work has been completed.

Very truly yours,

OIL CONSERVATION COMMISSION

L. A. Mermis

L. A. Mermis
Oil & Gas Inspector
