Re: Request for Increase in Allow-
able, D. H. Goodrich Well No. 1,
D, Sec. 35-18-26, Dayton Abo Pool,
Eddy County, New Mexico

ATTN: Mr. Melvin Mitchell

Gentlemen:

We are in receipt of your form C-104 dated January 16, 1961, which requests an increase in allowable for the subject well. This application should be made on form C-127 showing that the well has been placed on the pump under the remarks section of the form. Please refile your application on form C-127 as indicated within the month and we shall make the increase in allowable effective the day that we received your C-104.

We shall enclose a few copies of form C-127 for your use. It is not necessary to file another form C-104 after the initial one unless the well is re-completed in a different pool.

Further, I shall take this opportunity to remind you of the annual GOR test for all wells in the Dayton Abo Pool which is due in this office by February 10, 1961.

Very truly yours,

OIL CONSERVATION COMMISSION

Gentlemen:

We are in receipt of your form G-104 dated January 10, 1961, which
requests an increase in allowable for the subject well. This appli-
cation should be made on form G-127 showing that the well has been pro-
duced on the pump under the remarks section of the form. Please refile
your application on form G-127 as indicated within the month and we
shall make the increase in allowable effective the day that we receive
your G-104.

We shall enclose a few copies of form G-127 for your use. It is not
necessary to file another form G-104 after the initial one unless
the well is re-completed in a different pool.

Further, I shall take this opportunity to remind you of the annual
GOR test for all wells in the Dayton Abo Pool which is due in this
office by February 10, 1961.

Very truly yours,
