Gentlemen

The Foster-Goodrich #1 located in the Abo Dayton field
-NWNW Section 35, T18S, R26E, Eddy County N M, carries
a \$10,000 Bond.

The production string in this well is cemented top to
bottom, and on behalf of the owner, Corine Foster, I am
wondering if this bond could not be reduced to \$5000.00,
inasmuch as the well casing is cemented as above, and
the eventual plugging would become quite a simple and
inexpensive matter.

(or even
less)

Your advice will be appreciated.

Sincerely,

H E Shillander
