Sir:

We are in receipt of your Form C-115, Operator's Monthly Report, for the above captioned well.

You show Phillips Petroleum as your Gas transporter, and as of this date, you are not authorized to sell oil or gas, as we have not received a bond for you and have not approved your C-104. (You are selling gas illegally).

I spoke with Diane Richardson in Santa Fe, and she will approve your bond as soon as she receives the legal description of the above listed well. This includes section, township, range, footage, and county. This must come from your insurance company as a rider.

Presently, this well is carried under Latch Operations and will continue to be until such time as we receive a bond for you.

Please contact your insurance agent and have them send a rider to our Santa Fe office so that you may have approval for your bond, as soon as possible.

If you have any questions, please feel free to call or write us.

Very truly yours,

Leslie A. Clements
