Dear Sirs:

September 5, 1958, a survey was made to stake the location for your U.S.A. Malco Refineries, Inc. "F" No. 1 at a point 1980 feet from the west and 660 feet from the south line of Section 2, Twp. 18 South, Range 27 East, NMPM, Eddy County, New Mexico.

A flag was set on the quarter corner common to sections 2 and 11 and the transit was set on the corner common to sections 2, 3, 10 and 11 and the survey was started at this point. We chained N89°27'E along the section line a distance of 1980.0 feet to a point where a hub was set; we then chained N0°51'W 660.0 feet to the location. To check we chained S0°51'E 660.0 feet, thence N89°27'E 664.9 feet to the quarter corner. This lacks 0.4 feet of checking with the notes of the U.S. General Land Office.

I hereby certify that the foregoing survey was made in the field under my supervision and that the same is true and correct to the best of my knowledge and belief.

Respectfully submitted,

John W. West
