Mr. M.L. Armstrong, Supervisor
Oil Conservation Commission
P.O. Drawer DD
Artesia, New Mexico

Dear Mr. Armstrong:

A C-104 is filed this day for well no. 3 tract 11 of the South Red Lake Grayburg Unit. Distance measurements are shown to be 905 feet from the North line and 1610 feet from the East line. The original well record and your records reflect a different measurement. No subsequent plot has been filed to make this correction. I will verify from well site inspection that the measurements shown on the C-104 are true and correct.

Yours very truly,

A. M. Speir
