N COEIWE: JUL 28 1959

JOHN W. WEST ENGINEERING COMPANY

412 NORTH DAL PASD

July 13, 1959

Pan American Pet. Corp. Hobbs, New Mexico

1. S. 1.

DIAL 3-3942

On July 17, 1959, a survey was made to locate your No. 2 location on the Mann Federal lease at a point 1650 feet from the South line and 990 feet from the West line of Section 3, Township 18 South, Range 27 East, N.N.P.M., Eddy County, New Mexico.

A flag was set at the USGLO Quarter corner common to Sections 3 and 4, and the Transit was set up at the USGLO Section corner marker common to Sections 3, 4, 9 and 10. Thence chaining North from transit 1650 feet to a point, thence East 990 feet to the location site of the Mann Federal No. 2. As a check on our survey we chained South from the location site 1650 feet, thence West 990 feet to the point of beginning of our survey, checking in within the allowable error for this survey.

I hereby certify that the foregoing survey was made in the field under my supervision and that the same is true and correct to the best of my knowledge and belief.

Respect/ully submitted,

John W. West
