Gentlemen:

August 20, 1959, a survey was made to relocate the R. F. Windfohr No. 2 at a point 330.0 feet from the east and 1650.0 feet from the south lines of Sec. 4, Twp. 18 South, Range 27 East, N.M.P.M., Eddy County, New Mexico.

A flag was placed on the quarter corner marker common to sections 3 and 4 and the transit was set up on the section corner common to sections 3, 4, 9 and 10. We then chained $N0^{\circ}38'W$ 1650.0 feet, thence $S89^{\circ}50'W$ 330.0 feet to the location. To check we then chained $N89^{\circ}50'E$ 330.0 feet, thence $N0^{\circ}38'W$ 853.1 feet to the quarter corner common to sections 3 and 4 for an error of closure of 0.3 feet which is well within the limits of this survey.

I hereby certify that the foregoing survey was made in the field under my supervision and that the same is true and correct to the best of my knowledge and belief.

Respectfully submitted,

John W. West
