REPRESENTING
GULF INSURANCE COMPANY
DALLAS, TEXAS

Mr. J. D. Hunter,
State Oil & Gas Inspector,
Box 522,
Carlsbad, New Mexico.

Dear Sir:

Mr. W. ^{A.}Scott applied to us for bond protecting the State of New Mexico against damage to the Artesian water basin of the Pecos Valley, New Mexico, however, we are advised by Thomas McClure, State Engineer of New Mexico, that the bond is to be filed with the State Land Office under the State Geologist for the drilling of an oil well and that you could send us the correct form to use under Mr. Scott's application for bond. It will be appreciated if you will send us this form in order that we can complete the matter.

Very truly yours,

J. P. WEYMAN AGENCY
