17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Our latest Injection Profile - January 28, 1983 shows 71% of our water going into the M-7 and A-1 zone. We propose to set cement retainer at approximately 1978, squeeze lower zones with 250 sacks cement. Acidize remaining zones if necessary - put well back on injection.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
