OIL CONSERVATION COMMISSION

STATE OF NEW MEXICO

SEDIMENT OIL DESTRUCTION PERMIT

Operator Western-Yates hereby requests authority
to destroy the following described sediment oil:

Name of lease Hester State

Location of lease N/2 NW/4 Sec. 36, T-18-S, R-27-E

Type of sediment oil (Pit oil, tank bottoms, etc.) Tank Battery Leak

Estimated gross volume, barrels Five (5)

Reason why sediment oil cannot be salvaged: All salvageable oil was picked up by
pump truck. Approximately five barrels was spread over battery location
and was unsalvageable.

Operator Western-Yates

By Richard J. Davenport

Title Engineer

Date March 14, 1961

Approved MAR 16 1961 19

New Mexico Oil Conservation Commission

By M. L. Armstrong
