Gentlemen:

In regards to your Twin Lakes Lease which is on State land. State regulations requires monthly reports for each lease from the time a well is spudded until it is finally plugged and abandoned.

The last report we have on this lease was for the month of September 1927. I wish you would make reports as follows: one report covering Oct.; Nov.; Dec. 1927 and then one for each succeeding year thereafter up to Jan. 1st 1933. Let one report cover a full year but list each month as I have on the sample enclosed. Starting Jan. 1st past make a report at the end of each month and mail them to : J. D. Hunter, State Oil and Gas Inspector, Box 522, Carlsbad, New Mexico. Make all reports in duplicate.

I am sending a supply of forms under separate cover and I would appreciate it if you would get these out as soon as possible, thank you,

Very truly yours,

Encl: Sample monthly report

J. D. Hunter,  
State Oil and Gas Insp.
