12. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This well was T. A.'d when we took over operations on 10/1/87. We do not know how long it had been shut-in prior to this date. A consulting engineering firm is currently studying this waterflood unit to determine if any changes need to be made in the flood pattern.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
