## JOHN W. WEST ENGINEERING COMPANY

412 NORTH DAL PASO

HOBBS, NEW MEXICO

September 18, 1959

Pan American Petroleum Corp.,  
P. O. Box 68,  
Hobbs, New Mexico.

Gentlemen:

On September 15, 1959, a survey was made to locate your U. S. A. Malco Refineries, Federal "F", No. 11 oil well to a point 667.12 feet from the north line and 666.05 feet from the east line of Section 1, Township 18 South, Range 27 East, New Mexico Principal Meridian, Eddy County, New Mexico.

A flag was placed on the north quarter corner of Section 1, and the transit was placed over the common point of Section 1, and 6, of the above mentioned Township and Range, and Section 31, and 36, Township 17 South, Range 27 East. We then chained north 89 degrees 22 minutes west a distance of 666.05 feet to a point marked by a 2 inch by 2 inch wood hub with a tack; thence south 0 degrees 03 minutes west a distance of 667.12 feet to the point of well location marked by a  $\frac{1}{4}$  inch steel pin. We then checked by chaining back to the above mentioned hub; thence north 89 degrees 22 minutes west a distance of 1991.11 feet to the north quarter corner of Section 1. We found an error of less than 0.30 feet.

I hereby certify that the foregoing survey was made in the field under my supervision and that the same is true and correct to the best of my knowledge and belief.

Respectfully submitted,

John W. West.
