REMARKS:

This form is being filled out in advance of form C-104 in order to obtain permission to run 695 barrels of Frac Oil so we will have sufficient storage to test further before filing form C-104. The 595 barrels of Frac Oil was purchased from Malco and from Dowell who furnished a portion of the oil from Colorado City when Malco ran out.

The undersigned certifies that the Rules and Regulations of the Oil Conservation Commission have been complied with.

Oil and Gas Report

This form shall be submitted by the operator of each unit with the District Office of the Oil Conservation Commission covering each unit from which oil or gas is produced. A separate certificate shall be used for each transporter authorized to transport oil or gas from a unit with a certificate which has been approved by the Oil Conservation Commission. The copy shall be forwarded to the transporter, one copy returned to the producer, and two copies retained by the Oil Conservation Commission.

A new certificate shall be filed to cover each change in operating ownership and each change in the transporter except that in the case of a temporary change in the transporter involving less than the allowable production for one proration period, the operator shall in lieu of filing a new certificate, file the Oil Conservation Commission District Office, and the transporter a certificate by certificate on file with the Commission, by letter of designation of amount of oil or gas to be moved by the transporter temporarily in terms of oil or gas from the unit and the name of such temporary transporter. Such temporary transporter shall not move any more oil or gas than the designated amount shown in said notice.

This certificate when properly executed and approved by the Oil Conservation Commission shall constitute a permit for pipe line connection and authorization to transport oil and gas from the property named therein and shall remain in full force and effect until

- (a) Operating ownership change;
- (a) The transporter is changed or
- (c) The permit is cancelled by the Commission.

If any of the rules and regulations of the Oil Conservation Commission have not been complied with at the same time this report is filed, explain fully under the heading "REMARKS."

In all cases where this certificate is filed to cover a change in operating ownership or a change in the transporter designated to move oil or gas, show under "REMARKS" the previous owner or operator and the transporter previously authorized to transport oil or gas.

A separate report shall be filed to cover each producing unit as designated by the Oil Conservation Commission.
